## Special Features

Software for PC and handheld computer

Easy installation and handling

Route planning

Import of route data

Plausibility check

Tree structure display of all data on one screen

Easy preparation of a route through import of meter data from the route planning

Fast recognition of e.g. plausibility or meter changes by coloured fields

Export of readout data

Filtering of data

Optical readout

Inductive readout

Readout via radio by single address or multiple addresses

M-Bus readout via level converter

## Description

SensusREAD is a software for automatic meter readout of meters through the mobile handheld computer PSION WA pro.

It can be chosen between a guided (route) or route planning tool. The guided readout usually is used for billing and readout of a higher quantity of meters. The route planning readout is suitable especially for installation and maintenance services or individual meter reading or lower quantity of meters.

## Application

Mobile readout

Data collection for billing

Intermediate readout

Monitoring of measuring points

## System Requirements

### PC

Minimum System Requirements for SensusREAD

Microsoft Windows XP or Windows Vista or Windows 7

Administrative privileges

Microsoft Internet Explorer 6

512 Megabytes of RAM

Disk space required: 100 MB of free space in the target directory

Microsoft ActiveSync software installed

### Handheld

Psion WA pro C handheld for mobile reading with build in radio modem card for Sensus((S))cout

**Order No. 18 30 64**

Psion WA pro C handheld with build in interface card to connect data coupler

**Order No.18 30 65**

Psion WA pro C handheld build in radio card for Sensus((S))cout and interface card for data coupler

**Order No. 18 30 66**

PSION CarKit holder for car usage incl. mounting kit and 12V charge plug electrical cigarette lighter

**Order No. 18 40 31**

PSION Dock Docking-station for PSION WA Pro incl. USB cable for the data transfer to the PC and battery charge

**Order No. 18 40 32**

## Route Planning

Multiple may be managed on one handheld computer

## Export Data Formats

Wysiwyg export to:

XML

Microsoft Excel

HTML

ASCII

All export formats can be configured

## Order Information

SensusREAD

CD-ROM version

**Order No. on request**

Installation and Commissioning for one day

**Order No. 18 20 90**

Components i.e. for inductive or radio readout refer LS3100, LS3300

Certified according to ISO 9001  
Quality Management System OQS Reg.no. 3496/0
